

## myVectra Patient Portal helps support patient engagement

Actively engaged patients are more likely to have better disease management and outcomes<sup>1</sup>

- myVectra portal may **help bridge the communication gap** when there is discordance
- myVectra portal supports Vectra Enhanced Care **connecting the clinician, patient and molecular assessment**

### WE'VE IMPROVED OUR PATIENT PORTAL:

#### Patient Experience

- New look and feel
- More patient friendly

#### Enhanced Patient Education

- Explains score categories
- Highlights Vectra Guided Care

#### Action Based

- Supports testing pathway
- Customized testing reminders

#### Resource Page

- Linked access to CreakyJoints™
- Easy access to Vectra Services

#### Easy Access

- Account creation made simple
- Quick link from VectraScore.com

#### Community Board

- Connect with other RA patients
- Share patient experiences

## Empower your patients to use the myVectra Patient Portal:

- View their Vectra® results online
- Get involved with the Vectra Community
- Become more engaged in their rheumatoid arthritis management

↑

Meaningful Increase ≥ 8 Units

**High Vectra Score: 48**

Patient has a High Vectra Score that increased by 8 or more units from the previous score, which was in the Moderate category. The patient is at increased risk for radiographic progression. Consider adjusting treatment regimen to reduce inflammation, and retesting at the next clinical visit.
